REALLY Early

Michael Bradshaw Hayes and Victoria Oldham of **Great Britain** have registered for the June 2002 run of the Rally.

Thus they handily qualify as the first registrations for NEXT year and **the earliest early birds ever**. Michael explained that they need to plan well ahead for bike rental and transportation. **Welcome to the Colonies, Michael & Victoria!**

Kirk Woodward

Banner Year for Bikes on 66

H.O.G., the Harley Owners Group, will be out on Route 66 this summer. Leaving June 23rd, 500 riders have already committed to the trip and officials plan on signing up another 1,000 before departure day.

Some People Never Learn

We're saluting **Repeat Offenders**. Jerry Mitchell and Bart Bartels made the Millennium Run in

Bart Bartels, San Antonio, TX

June of 2000 and are coming back for another lesson in Route 66 riding. Bart has a new bike for this year. Its one of those 1800 cc's Gold Wings. Just introduced for model year 2001 these bigger Wings have increased the size of their engines by 300 cc's and made the engine a stressed member of the frame . . .

thus keeping the total weight right where it was the year before. Jerry immortalized himself with riders last year

Jerry "Wind Cloud" Mitchell
Huntsville, AL

by observing that the dark clouds west of St. Louis were only *wind clouds* not rain clouds. The wind clouds drenched us when we left Springfield, MO!

Two Up from New Hampshire

Donnie and Rose Daniels told us they are coming back to "do" Route 66 again this Summer "to see all the things

we missed the first time. We might even have to make a third trip as there is so much to see."

Donnie & Rose Daniels
Repeat Offenders
Big Texan, Amarillo, TX

One of the sights they'll be looking for is

the memorial to the Old Road in Tucumcari, NM. They - and others - missed the "biggie" at the Convention Center on the west edge of town. Locals directed them to an impressive structure but not the one we had in mind. Just goes to show that **everyone sees a different Route 66 - each time they make the trip.**

Mid-Point Monument

Adrian, TX has plans to create a serious monument to Route 66's half way point. We learn that they've designed a more permanent structure than the much photographed sign.. They are selling bricks that will be incorporated into the structure. Construction is set for later this year. For info about the

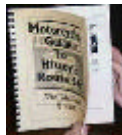

Mid Point Sign, Adrian, TX

monument, a personalized brick or their brass medallion, call Fran Houser at the Mid-Point Café (directly across the highway from the sign) at 806-538-6379.

Motorcycle Guide to Route 66.

The definitive guide to Historic Route 66 if you are traveling on two wheels. Motorcycle laws in the 8 states the road goes through. Three diaries.

[]121 \$19.95
